Product Brochure

# Kuppel

Inspired by the Norwegian word for 'dome' Kuppel is a personal workspace solution that enables the user to escape the distractions of the open-plan office. The soft, circular shape invokes a sense of calm and seclusion, ensuring feelings of peacefulness and relaxation to further aid employee wellbeing.

Built with an upholstered seat and rigid laptop arm, Kuppel is ideal as a space for quiet contemplation, or to complete individual tasks and take private phone calls. The round shape provides both an acoustic shield and reduces visual distractions, lending itself perfectly to the fast-paced modern workplace.
