STEPS

DESIGNED BY
DAVID FOX

Steps is an award-winning reinvention of the popular lounge chair design. It redefines the sitting experience with its sweeping curves, distinct profile and soft cushioned shell offering luxurious comfort and effortless elegance.

The Steps family includes the classic lounge chair, with an optional high, wing-backed headrest, which is perfect for executive breakout spaces or reception areas where style is paramount, as well as a compact version ideal for meeting rooms and foyers. Both formats can be specified with either a stylised 4-star swivel base or simple rod skid frame. Each chair is available in a variety of fabrics and has the option of being finished with a contrast wood surround which accentuates the sophistication of the model.
