GD10

DINING & POSEUR TABLE

GRESHAM

GD10

DINING & POSEUR TABLE

The GD10's chic silhouette is well-suited for employee lounges, meeting rooms or shared workspaces. It offers a modern alternative to conventional lounge or collaborative seating. Whilst also being available in two heights, it allows the opportunity to customise your workspace with a further seven lengths and two depths.

GD10 DINING

DINING HEIGHT

Form beautifully meets function in the GD10 wooden dining table. The wide table top is supported by sturdy leg posts, and the piece is available in a range of dimensions to accommodate your needs comfortably, with plenty of room for all. The GD10's chic silhouette is well-suited for employee lounges, meeting rooms or collaborative workspaces and can be fitted with shelving, storage, cable management, service modules, lighting and power solutions.

GD10 POSEUR

POSEUR HEIGHT

The GD10 poseur table sits slightly higher than a typical wooden dining table, offering a modern alternative to conventional lounge or collaborative seating. The piece offers a generous table top and is available in a range of dimensions, suitable for your space and needs. The GD10 poseur table can be enhanced with a number of optional features to improve productivity, including lighting and power, storage, shelving, cable organisation and service module solutions.

GD10 LED

DINING & POSEUR HEIGHT

The GD10 with LED Light Bar offers a contemporary flourish to conventional lounge or collaborative seating. The piece offers a generous table top and is available in a range of dimensions, with an aluminium cased LED strip light fitted through the table top suitable for day and night-time use. LEDs are extremely energy efficient and consume up to 90% less power than incandescent bulbs. Since LEDs use only a fraction of the energy of an incandescent light bulb there is a dramatic decrease in power costs.

GD10 CANOPY

DINING & POSEUR HEIGHT

The GD10 with Canopy enhances the potential of your creative space.

Add hanging lights with optional power sockets for a modern twist, add charging modules to create an away-from-desk area or increase employee productivity by adding plants to the shelves to form a biophilic environment. With the ability to fit two types of clip and lock power modules, the GD10 with Canopy allows you to customise the way you can access power at your workstation. The added shelves create a storage space for belongings or shared stationery.

GD10 DINING

SPECIFICATION

Available in seven table lengths and two depths, this table beautifully meets form with functionality. Ideal for dining areas or corporate workspaces.

Code	Length	Depth	Height	Legs
GD10A1	1600	900	742	4
